

Msg

```
graph BT; A[diffbot_msgs::AngularVelocitiesStamped] --> B[Msg];
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'Msg'. Below it is a larger box labeled 'diffbot\_msgs::AngularVelocitiesStamped'. A blue arrow points from the bottom of the 'diffbot\_msgs::AngularVelocitiesStamped' box up to the bottom of the 'Msg' box, indicating that 'diffbot\_msgs::AngularVelocitiesStamped' inherits from or is a specialization of 'Msg'.
